## Welcome to the Vegan Companions Photo Gallery!

Here you will find photos and stories of vegan cats and dogs from around the world. If you are skeptical\*\* as to whether or not cats and dogs can live healthily and happily on a meat-free diet, here is evidence that it can be done!

Anyone who has a vegan cat or dog is welcome to submit photos to this gallery. Simply click on the "upload" link at the top of the page and choose your photo from your hard drive. Please be sure to include your companions' names, city & state (or country if not U.S.), what foods and treats they regularly eat, and how long they have been vegan. Any other information you would like to share, such as blood or urinary tests, would be appreciated as well. (We reserve the right to edit text and photos as needed.) Thank you!

\*\*For more information about feeding cats and dogs a vegan diet, please visit [www.vegancats.com](http://www.vegancats.com). We also recommend the book, [Obligat Carnivore](#) by Jed Gillen.
